Erik,

I am booked for the next three days, but could call you this evening from my car around 5:00 pm PT. If that works, please give me the number you would like me to call.

Richard:

Do you have time for a quick call this afternoon or sometime tomorrow? EPA has some concerns we thought might best be discussed between you and I regarding the our respective understanding of enforcement confidentiality and sharing some materials with the State.

I can be available this evening if later in the day works best for you, given our time difference.

Thanks,
Erik
